ALLEGED SLAYER OF OLLIE CUEVAS GIVEN BAIL IN SUM OF \$2,000.

Charged With Manslaughter, Christopher Martin Will Appear For Trial at September Term Hancock County Circuit Court.

Christopher Martin, farmer of the Necaise community, 20 miles north-east of here, was held for grand jury investigation after a hearing Saturday in connection with the fatal shooting of Ollie Cuevas, 36-year-old sawmill operator, near the white Cypress church.

The hearing was held by Justice of the Peace F. Fuente and Martin was ordered held under \$2000 bond, pending the jury session next month. The charge was manslaughter.

Martin, according to reports, had accused Cuevas of trespassing on lands of the Crosby interests, over which Martin had charge. When the two men met in front of the home of Otto Shiyu, a quarrel took place, officers were told. Martin, according to reports, fired when Cuevas attempted to strike him. Cuevas was struck by two bullets.

Martin surrendered to Chief Deputy F. J. Bopp, who went to the scene to investigate the shooting, and was brought to jail here.

The body of Cuevas was taken to Piquette and prepared for burial. Mr. Cuevas was a son of Luke M. Cuevas and Mrs. Artista Necaise Cuevas. He leaves his widow, Mrs. Minnie Melver Cuevas; four children, Ollie, Fred, Rosie Lee and Dorothy Cuevas; one brother Oliver J. Cuevas, and six sisters, Mrs. Sidillo Kirkland, Mrs. Sedonia Ladner, Mrs. Eunice Lee, Mrs. Sylvia Ladner, Mrs. Ida Moran and Mrs. Eula Ladner.

Funeral services were held Sunday, with Father Dennis officiating. Interment was in Necaise cemetery.

Both principals in the affair are well known and the affair is generally regretted.

MISS MYRA SUMMERS PASSES ON AT FAMILY HOME, LOGTOWN, MISS.

Untimely Death of Loving Personality Shocks the County—In Memoriam.

A few days ago the little town of Logtown suffered a sad and untimely loss in the passing of one of its noblest characters.

Early Thursday morning, last, with reverent and lowered voice, word was passed from house to house, from friend to friend, from neighbor to neighbor, including the little children, too, who also loved her—the sad news that Miss Myra was dead!

While she had been ill for many months and had been declining gradually as the days went by; none of us realized the end was so near. She simply left us in the calm and peaceful way in which she had lived.

A native of Pearlinton, Miss Myra resided in Logtown in the family home the major portion of her life during which time she endeavored herself to every one with whom she came in contact, regardless of race or creed. Her life was beautiful and an inspiration to all who knew her. She had a smile and a kind word for everyone.

A devoted and faithful member of the Methodist church, she consistently lived as such. She was also a member of the local Chapter Order of the Eastern Star, having served as treasurer of that organization for a number of years.

Funeral services were conducted at the family residence in Logtown Thursday afternoon by the local Methodist Minister, Rev. E. E. Price, assisted by Rev. A. J. Boyles, of Bay St. Louis, after which Miss Myra was tenderly placed with loving care in a mass of beautiful flowers in the family burying plot at Pearlinton cemetery.

The services were largely attended locally, both at the residence and cemetery, including numerous friends and relatives from New Orleans, Slidell, Piquette, Poplarville, Pearlinton, Biloxi, Gulfport and Bay St. Louis—all who knew and loved this estimable young woman.

Miss Myra was the eldest daughter of Mrs. George Summers and the late George W. Summers. She is survived by her mother and two sisters, Miss Annie Summers and Mrs. Lollie B. Wright; also two brothers—Russell and Forrest Summers—all of Logtown.

POST OFFICE WARMS ON CHAIN LETTERS

The post office department is trying to break up a new series of chain letters. About 75 persons have been reprimanded, officials said. Most of the schemes have concerned merchandise. The outbreak is nowhere near the size of the dime chain letters circulated a few years ago.

CO. DEMONSTRATION AGENT HOLDS MEET AT WAVELAND HALL

Activities of Miss Peters in Various Sections—Next Two Weeks' Schedule

Miss Peters with help from the luncheon workers, held a demonstration at Waveland last Wednesday, August 3, at 3 o'clock in the City Hall luncheon room. Ten ladies attended this demonstration. The purpose of which was to demonstrate and discuss the latest methods in preserving and canning pears. The pears canned were given as prizes to the ladies whose names were drawn.

Miss Peters does not have a Home Demonstration Club at Waveland but she hopes to organize one in connection with the P. T. A. when school opens.

The Sellers women's club met with Mrs. R. L. Ladner with nine members and 1 visitor present. The program consisted of a paper on meal planning read by Mrs. Ladner and discussed by Miss Peters, and a demonstration of rug making by Miss Peters. For recreation in absence of the Recreational leader, Mrs. Howard, Miss Peters entertained the group with a guessing game on jumbled words and some songs.

At the close of the Recreational period, several of the ladies expressed a desire to form a joint club of men and women. Miss Peters thinks this a splendid idea and with the help of the county agent, Mr. John A. Bozeman, she hopes to organize a club of this nature in the Sellers Community as well as in other communities over the county. After punch and cookies were served the club adjourned to meet with Mrs. Chanley Smith, Sept. 9.

This week, Miss Peters is to hold an electrical cookery demonstration in the home of Mrs. Prince, in Kiln, Thursday, August 11. She would like for everyone to know that she is more than willing at anytime to demonstrate or discuss with parties any electrical appliance and would like very much for people to feel free to contact her. She realizes the advantages of electrical appliances and is anxious to see more of them placed in each home in Hancock county. It is her desire to see each appliance owner get the best service possible from his appliances at the lowest cost possible, and this can be done if used correctly.

Club meetings for the following two weeks:

Leetown Club, Thursday afternoon at 3 o'clock in Leetown Park.

Logtown Club, Tuesday afternoon, August 16, at 3 o'clock at Mrs. Ada Whitfield's.

Lakeshore, Wednesday afternoon, August 17, at 3 o'clock at lunchroom.

Architect Vincent Smith at Work On Plans For Pier.

Architect Vincent B. Smith, of Gulfport, who has designed many public buildings for the State, city and county school buildings and other public and private structures along the Gulf Coast, was in Bay St. Louis Tuesday conferring with the Board of Mayor and City Commissioners relative to the projected bathing beach, recreational building and public pier. He will return next week with drawings and more definite plans sketching in outline the proposed building. At that time further information will be given The Echo for publication.

Definite information published in last week's Echo afforded considerable satisfaction to the progressive element of our city and vicinity. Mr. Smith tells of most interesting plans worthy of the great project for our city.

BENEFIT FOR ST. CLAIRES

Annual Lawn Festival For Saturday-Sunday, August 12-13.

Waveland, like Bay St. Louis, without its summer church festival, would be akin to the play of Hamlet with Hamlet omitted.

But unlike the melancholy Dane there is nothing of this atmosphere about the forthcoming Waveland festival—to take place on the lawn of St. Claire's church, Saturday and Sunday, August 12-13, this coming week-end.

Ladies and gentlemen of that parish and friends from New Orleans summering at the resort, have been holding meetings, organizing and soliciting of the most minute detail in order nothing may be overlooked that would contribute to the success of the affair, well high an annual institution.

In addition to people from Waveland and immediate vicinity, many from Bay St. Louis will journey to the charming little city next door and not only spend a pleasant evening but likewise assist the cause. It is specially announced that on each evening supper will be served for a nominal sum. The public is invited to take supper on the grounds and create a double benefit and value thereby.

With Mrs. Edw. C. Carrere as chairman of arrangements of the affair as a whole and Mr. Carrere, chairman of the grounds, with the many assistants, all potentialities and the co-operative spirit of the public indicated and manifested every season, the success of the affair is a foregone conclusion.

Forest Favre Remains In County Jail in Default \$4000 Bond.

Forest Favre, recently charged with the killing of Nookie (Julian) Sauter, Jr., in front of a beer parlor on Railroad avenue, after it had closed, still lingers in the Hancock county jail in default of making a \$4000 bond under which he was placed at a preliminary hearing. Unable to make the bond, he will remain in the county jail until the first Monday in September when circuit court for Hancock county will convene.

JAIL ESCAPE FOULED BY COLORED BOY WHO REPORTS VAIN EFFORT

Roland Johnston, Serving Six-Month Term, Makes Third Attempt To Getaway.

Roland Johnston, 22, twice escaped from the Hancock county jail, made his third attempt one night during the early part of the week. However, partially successful, the final detail of his planned getaway failed. He was taken to Harrison county jail for further safety, but after a day and night spent in Gulfport, authorities returned him to the Hancock jail where he is confined and extra precaution taken for his safety in the hands of the law.

Johnston was arrested at the home of his sister, Mrs. Lillian Luc last week by Constable Gerald Price, after he had been a fugitive for two months, during which time, he said, he was in Mobile. Johnston was tried by Judge Capdepone on a charge of assault and battery on a young lady, Miss Betty Childress, here from New Orleans during the Easter holidays. He was sentenced to county jail six months and fined \$250.00.

In his attempt to get away Johnston had used two large pieces of iron, that had been carried to him unbeknown to the authorities, and propped apart the window frame. In so doing he dislodged sufficient brick and cement to affect a hole sufficiently large to enable a 10-year-old-boy, jail inmate to get out and break a window pane in the sheriff's office and search for the jail keys.

The boy, however, disregarded Johnston's wishes and frustrated his plan. Instead he reported what had happened to Sheriff Claude Monti at his home. Officers later took Johnston of Gulfport as above stated.

LEGION CARAVAN TO CALIFORNIA LEAVES AUGUST 21

Mississippi Legionnaires to Again Lead National Convention Parade.

Emulating the example of the forty-niners who sought the gold of California, but in a more leisurely manner, the 1938 version of the "world's longest parade" will leave Jackson, August 21 on a 5,750-mile tour with Los Angeles and the national American Legion convention as its goal.

The caravan, representing the Mississippi department of the Legion, and made possible through a \$25,000 appropriation by the state legislature, will lead the national parade for the second consecutive year, an honor conferred on Mississippi for leading every other state in proportionate number of new Legion members enrolled.

Wilkes Davis, state Legion commander, has announced the appointment of Walter Lee of Jackson, grand chef passe of the 40 & 8, as head of the caravan.

Accompanying the caravan as official representative of Governor Hugh White will be "Miss American Legion," Miss Elaine Russell, who served in the same role at the New York convention. She will convey the greetings of Governor White and Legion officials to dignitaries of the various cities and states on the route of the parade to Los Angeles.

The new and expensively decorated floats, suitable representatives of Mississippi, are now under construction with ample assurance that they will be in readiness for the scheduled departure date.

At the head of the floatilla, will be a float symbolic of "peace" and the general theme selected for the national parade. Others will proclaim to audiences throughout the West the story of Mississippi in history, recreation, culture and industry.

In addition to the parade units there will be a caravan of five 40 and 8 locomotives, following an entirely different route to the West Coast. Two trains will carry five Legion bands to the national parade. The bands, selected at the recent state convention in Gulfport, are from Jackson, Clarksdale, McComb, Tupelo and Meridian.

Brother Peter, Head Of Stanislaus On Business Trip.

Brother Peter, president Stanislaus college, left this week for Shreveport and other points in North Louisiana in the interest of a bigger enrollment for the forthcoming session and expects to enroll many new names on the classrolls. Before returning home he will journey on to Chicago where he will spend a while also in the interest of increased patronage. Bro. Peter is a hustler and has an excellent school to back his solicitation for increased patronage. During his absence Brother Alexis, vice president is in charge.

C. H. ZERR SPEAKER AT ROTARY

Club Wednesday Noon at Hotel Reed—Chief Yoeman, U. S. Navy—Son of Charles Zerr.

C. H. Zerr, chief yoeman, U. S. Navy, stationed in recruiting service at Houston, Texas, spoke Wednesday noon at Hotel Reed to members of Bay St. Louis Rotary Club. Chief Yoeman Zerr, who is son of our esteemed townsman, Charles Zerr, is here on a visit and was the program speaker and honor guest of the Bay St. Louis luncheon club. President Rene de Montluzin introduced the speaker in the most complimentary terms.

Mr. Zerr has been in Houston since 1936, going there from the battleship U. S. S. Nevada. He will be eligible for retirement after twenty years of service next April. He enlisted in the navy when 16 years of age. He served 10 years on naval destroyers, three years with the air force in Hawaii and four years on battleships. Hence it will be noted he has seen considerable and varied service.

He spoke on the "Necessity of an Active Navy." The present naval expansion bill, he said, will not bring the U. S. Navy up to the parity of great Britain or to a 5-3 ratio with Japan. He says that the United States has made "by far the greatest sacrifice" in naval limitation agreements with the world powers.

After 16 years of conferences and treaty making, he said, it is regrettable to announce that practically no progress has been made toward limitation or armaments. During this period, the United States has been the only signatory to the various agreements to fully carry out the terms of the treaties. Also during this period we have seen three concerted efforts to limit naval armaments by international agreement fail. These efforts finally ended on December 31, 1936, with the termination of the treaties that had been made and on that date expired.

His address was illuminating and informative and well received and he has spoken before many Rotary, Kiwanis and other luncheon clubs, while on various trips. His service as a speaker is much in demand and is limited only by lack of time.

He was warmly received by the local club and invited to again address the group at some other time when visiting here again.

AS TO SENATORIAL DISTRICT DIVORCEMENT.

A STRONG sentiment is crystalizing for the divorcement of Hancock county from the present State senatorial district.

It is argued that Hancock county has very little in common with Pearl River and Lamar counties, constituting the local-senatorial district, and, it is further stated that what affects the other counties in no way has affiliation with the coast county of Hancock.

Our county should be grouped with the balance of the coast section, Harrison and Jackson. What would be of interest to one would naturally be of concern and of betterment to the trio as a whole.

We understand, that in view of recent events and prior thereto the interior counties (Pearl River and Lamar) have in a measure been opposed to Hancock inasmuch that our interest are not similar. There is a wide divergence of interest. Ours are of fisheries, resort development and like expansion as to improvement, while Pearl River and Lamar counties are strictly agricultural.

The Echo is strgly in favor of divorcement of our county from the interior section. Such a movement, once launched would find immediate momentum and its accomplishment would prove as voiding any possible clash.

We are fond of our neighbors. But they are not interested in seawall development, bathing beaches, deep water inner harbors, resort piers and recreation buildings over the water; further protection of our oysters and other fisheries. And the like and particularly since we are on the immediate eve of development that will make this Mississippi Gulf Coast the greatest resort section in the country.

WHERE SILENCE WAS NOT GOLDEN.

AMENDMENT No. 13 to House Bill No. 2, making optional with Board of Supervisors of Mississippi of the Gulf Coast counties to exempt from taxes for a term of five years homes purchased or built by summer resorters received 22 ayes and 18 nays in the Senate.

In the record we find Senator George Smith of Pass Christian voted for the bill but our own Senator Frank Pittman failed to cast his vote either way.

We lack explanation in the premises, but giving the esteemed senator benefit of doubt, we are constrained to ask, where was Pittman when a bill meaning of so much benefit to the Gulf Coast was in process of voting?

Such amendment means more dwellings, added buildings almost without limit for this section of Hancock county and in turn after the prescribed term of five years exemption expires, added values to our assessment list. It means more people for this county, especially for Lakeshore, Clermont, Waveland and Bay St. Louis who would mean for a tremendous spending power.

CANDIDATE WOOTON IN HANCOCK.

CANDIDATE R. G. (Dick) Wooton, of Hattiesburg, who has announced for Congress from this the Sixth District, spoke at the courthouse Monday night in the interest of his candidacy.

Although the speaking was thoroughly advertised by press and handbills there were only 17 people present, according to authentic report. The speaker was introduced by Willie Green of Bay St. Louis.

While possibly it might not have been intended as such, Mr. Wooton was nevertheless given a frigid reception, as much as this is regretted. When a speaker, a guest within our city gates addresses the public and is announced it is incumbent upon our people, if only for mere courtesy sake, to accord him in numbers at least a cordial welcome, if not in spirit and enthusiasm.

If this is an indication of any value it shows that Congressman Colmer will not only carry Hancock county by tremendous majority but he will be given (at the polls) endorsement of the splendid work he is doing at Washington.

DANGEROUS HAZARD.

TWO persons riding on a bicycle built for one is always dangerous, yet you often see that one the streets of Jackson, especially in the residential areas. Youngsters put their lives in imminent danger when they ride double on bicycles and parents ought to assist the police in an effort to break up the practice.

The foregoing is from the Jackson Daily News, Sunday's issue. The Sea Coast Echo had considerable to say on this subject of more than one person riding a bicycle, that it was dangerous and city authorities should step in and take them off the streets. Bicycles are the most dangerous hazard on the streets any motorist will tell you—dangerous to both the riders of the bike and driver of the auto. No two people should be permitted to travel on a bicycle at any time nor anywhere.

In addition to what was said on the subject in these columns last week, it might be added that parents should be more concerned about this practice than any authority or other source.

POTENTIAL DEVELOPMENTS AT HAND.

BAY ST. LOUIS and vicinity can never hope to be anything but a prosperous section of the country as an all-the-year-round resort. Our people may be content and enjoy life at its fullest.

We are undoubtedly on the eve of a new era. Well are we at the crossroads. The right path leads to the happy highway. The substantial things that make for this are well within our grasp. And we are going to embrace the advantages that are definitely indicated.

Here are three potentialities for this immediate section:
Homesteads tax free.
Natural gas.
Bathing beach and recreational facilities.

Homestead tax exemption is granted.
Introduction of natural gas is in the negotiable stage.

And the Board of Mayor and City Commissioners have made contact for a \$200,000 grant for a recreational center on the beach.

The more successful centers of the country are on seacoasts. Florida has its Miami and East and West Coasts. California has its Los Angeles and West Coast resorts. Mississippi will have its Gulf Coast. It is possible to build the foundations for great population centers. This can best be accomplished by developing our resort facilities.

SHAW WAS WRONG ONCE.

THE world thinks of George Bernard Shaw as an eminently successful playwright. Apparently, he was not always so sure of the fact himself.

A recent sale of letters in London reveals that, in 1908, he wrote a friend, "I came within an inch of suicide and murder."

Shaw was disappointed in the road showing of a play. In another letter, a year later, he told his friend, "My bolt as a real playwright is shot."

The public, luckily for Mr. Shaw, did not agree with the conclusion that he had reached. His plays won him the acclaim of the world and a comparative fortune.

Either the current fishing season is not so good, or else, the fishermen are becoming more voracious.

SCHOOLS ARE IMPORTANT.

NOT many weeks will elapse before the children of Hancock county will be going back to school and engage in the vital process of acquiring an education.

The people of the United States are generally unusually generous in their support of public education. Their faith in the value of their school system is tremendous. Large public funds are freely poured out every year to support the American system of free public schools.

If this money is not to be wasted, it is incumbent upon all those connected with the school systems of the nation to make their contribution to it success. Schools are not factories through which raw material can be paraded into a finished product at the end. Children, are plastic material, subject to many difficulties, and the making of an educated human being is a task that challenges the best talent of adults everywhere.

A merchant who runs his business without advertising never knows what he might do if he adopted modern advertising methods.

SOME INCOME TAX FIGURES.

SIXTY-one persons reported a net income of a million dollars or more for the tax year 1936, according to figures of the Treasury Department. Their incomes varied between one and five million dollars.

Altogether, 5,413,400 persons made income returns, showing 2,861,108 taxable incomes and paying, in taxes, \$1,214,017,000.

Net income reported amounted to \$19,240,110,000. This compares with net income of \$14,909,812,000 in the tax year 1935, when 4,575,012 returns were filed.

Net income for 1936 was \$2,648,263,000 less than total income, the difference being the amounts deducted under the law.

It is interesting that residents of the State of New York paid the largest amount \$348,687,000, and that only Pennsylvania and Illinois, with \$104,979,000 and \$102,036,000 respectively, among the other States exceeded the hundred million dollar mark.

It is worth nothing that less than three million persons in the entire United States paid income taxes. Moreover, if we accept the returns as correct, less than six million individuals, in the tax year 1936, enjoyed incomes as high as \$1,000.

The man who didn't think his gun was loaded is probably shaking hands with the driver who thought his automobile was faster than the train.

SPANISH WAR CONTINUES.

THE war in Spain continues to wag its way, with the Loyalist Army apparently unwilling to roll over and play dead.

After several striking successes, the forces of General Franco, the revolutionary leader, have been held up in their drive on Valencia and the impudent Government troops have had the temerity recently to undertake a few striking successes in small areas.

Instead of being over, the war in Spain looks as if it will continue for some months in the future. Meanwhile the European powers sit around, fearful lest some development precipitate a general struggle.

The Sea Coast Echo always appreciates letters from its subscribers, either containing news or comments on public questions by the writer.

CHICAGO DAILY NEWS has proposed a set of rules that if followed closely would plunge any business into bankruptcy and create a permanent depression.

The proposals follow:
In general, pass laws tending to restrict production, so that less farm labor will be needed, and there will be less work for the transporting and processing agencies.

Propose a minimum-wage law, so that anyone not worth that minimum cannot get a job at all.

Try to enforce a high-wage policy, so as to put a premium on using machines instead of workers.

Encourage labor disputes and strikes, so as to increase costs and reduce production.

Put a tax on pay rolls, so as to discourage hiring people.

Try to enforce a high-price policy, so that consumption will fall off and production will be further decreased.

Pass laws to encourage monopolists price-fixing, so as to discourage real salesmanship and real competition in merchandising.

Multiply rules, regulations, red tape and paper work, so as to waste time and discourage enterprise.

Keep changing all the rules frequently, so that no business man can plan ahead safely.

Enact a heavy tax to penalize firms that wish to expand by putting their profits back into the business.

Have stringent rules that will make the investment of new money difficult, dangerous and unprofitable.

Graduate the income tax more sharply upward, so there will be less money available for investment in new enterprises.

Increase taxes of all kinds, so that an even smaller part of the national income will be available for productive enter-

CIGARETTE TAX IS HIGH ENOUGH.

(West Point Leader)

THIS newspaper is still reasonably certain that the proposal of Governor White to increase the State tax on cigarettes from 3 to 4 cents a package would be a serious mistake.

The Governor is honest in his idea that this additional one cent tax would aid materially in recouping the revenues the State will lose by the exemption of homes from taxation.

He should profit, however, by the experience of the neighboring State of Tennessee, which recently decreased the tax on cigarettes from 4 to 3 cents a package, cut the tobacco tax 50 per cent and the cigar tax more than half. Before this reduction, the State received \$2,558,000 from tobacco taxes. After the reduction, the tax income jumped to \$2,700,000—an increase of \$193,000.

Taxes on cigarettes are already too high.

The average smoker now pays 18 cents for a package of cigarettes. Of this the Federal government gets 6 cents, the State 3 cents, the wholesaler and retailer 4 cents and the grower and manufacturer 5 cents.

The man who smokes a package of cigarettes a day pays a Federal tax of \$21.90 a year and a State tax of \$10.95, or a total of \$32.85.

prize and for individual spending.

Keep the national budget unbalanced, and the debt growing, so that the prospect of increased taxes will hang constantly over the head of everyone.

If these recommendations were made and adopted, would they not almost certainly bring about permanent depression?

Even if they were called a New Deal and were hailed as the advent of permanent prosperity, would they not bring about depression and joblessness just the same? They would—because they have!

Increased Cost of Production Raises Subscription Rate.

Increased production costs, newsprint prices and continued heavy taxes led to an announcement by the Memphis Commercial Appeal of an increase in subscription rates. Effective August 1, the paper will have a rate of twenty-five cents weekly, or \$13.00 annually by carrier.

Subscriptions by mail were increased to \$1.25 a month or \$15.00 a year.

During the past year or so newspapers in virtually every Southern city and a majority of the cities throughout the country, have found it necessary to increase their subscription rates.

Cost of producing weekly newspapers, too, has increased beyond the endurance limit and while a number have been forced to suspend publication, the majority are raising their rates.

In addition to this measure weekly newspapers are discontinuing free copies, complimentary subscriptions and exchange courtesies as well. Also free write-ups that accompany paid-for display advertisements. Federal government has placed all kinds of taxes on business and the newspapers keenly feel the burden of increased overhead with no increase in business.

Unexpected Retort

A chorus girl, deliciously pretty, but decidedly lowbrow, somehow found herself at a very select party given by a famous society woman.

The girl, lonely and uncomfortable as a fish out of water, leaning against the wall, framed against the dark oak, when the hostess took pity on her.

"My dear," she said kindly, "you look just like an old Rembrandt."

"Well," retorted the damsel, sharply, "you don't look too darned snappy yourself."

The Bathing Pier.

Bay St. Louis, Miss., Aug. 8, 1938. "Mullers Modern Cottages," Editor Sea Coast Echo:

The bathing pier seems to be an assured success and it is "The Sea Coast Echo" that put it to the front. Your esteemed paper has constantly hammered on the subject.

I helped also to bring additional business to this city by giving Bay St. Louis something it should have had years ago, "summer cottages" to accommodate the day and week vacationist. I do not mention this as an advertisement matter, as my business is not obtained from Bay St. Louis, but from New Orleans, Baton Rouge and vicinity, principally.

You may accept my personal invitation to visit my place. Mrs. Muller and myself will be greatly honored by your visit.

Very truly yours,

SEVEN NEW HIT TUNES IN "DOCTOR RHYTHM" AT A. & G. THEATER

Sunday-Mon. 14-15—With Bing Crosby and Mary Carlisle Featured.

Seven new songs, destined for the hit class, will be heard for the first time Sunday and Monday, when "Dr. Rhythm," Bing Crosby's new comedy with Beatrice Lillie, Mary Carlisle, Andy Devine, Rufe Davis and other noted players, opens at the A. & G. Theater.

Four of these will be sung by Bing himself, while the fifth will be played by Louis Armstrong and his orchestra. In addition there will be two numbers introduced by Miss Lillie.

Bing will sing "My Heart is Taking Lessons," "On the Sentimental Side," "This Is My Night to Dream" and "Only a Gypsy Knows" all from the pens of the song writing team of James V. Monaco and Burke. The title song, "Doctor Rhythm," also written by Monaco and Burke, is played by Louis Armstrong and his orchestra, with characteristic hot licks on the cornet by Armstrong.

Miss Lillie, who makes her first screen appearance in seven years in "Doctor Rhythm," and who is regarded as one of musical comedy's greatest comedienne, sings two novelty numbers in the characteristic Lillie manner. These are "Zing, Zing, Go the Tambourines," also by Monaco and Burke, which she sings with a Gypsy chorus of over one hundred men and women, and "There's Rhythm in My Heart," which was especially written for her by Lorenz Hart and Richard Rogers. Miss Lillie also sings "Only a Gypsy Knows" with Crosby.

Monaco, who is one of the oldest writers of popular music in point of service, and who has a long list of popular hits to his credit, was brought to the coast by Crosby, especially to write music for "Doctor Rhythm." Burke has been associated with Crosby for some years and has written lyrics for some of the crooner's outstanding successes, the most noted being Pennies From Heaven.

"Doctor Rhythm" is described as a typical Crosby romance. Its action is centered around the efforts of a doctor, played by Crosby, to save the job of a policeman friend who has taken too much to drink, by posing as the policeman. He is assigned to watch a beautiful heiress, played by Miss Carlisle, and love blooms. The action dashes swiftly through a zoo, New York harbor, a police honor class, an amusement park, a high society ball and other places before Bing wins Miss Carlisle.

Flat Top News and Notes.

Mr. Herbert Ray Smith of Lumberton, spent the week-end with his uncle and aunt, Mr. and Mrs. John Slade.

Mr. Homer Lott spent Sunday with Messrs. Carl and Hershel McCrimmon in Caesar community.

Mr. James Fleming, Jr., of Aaron Academy was a week-end guest of Mr. Willard Martin.

Mrs. Leonard Favre and Mrs. Arthur Thomas were week-end visitors to New Orleans, visiting their cousin, Mrs. Ruby Sprouse.

Mr. and Mrs. Lumo Ladner, of Poplarville, spent Sunday with Mrs. Ladner's parents, Mr. and Mrs. Solomon Wheat.

Mr. and Mrs. Bruce Williams of Catahoula, Miss., were guests of their son-in-law and daughter, Mr. and Mrs. Clinton Martin.

NOTE TO ADVERTISERS

If you got your little tooter and then lay aside your horn, There's not a soul in ten short days will know that you are born. The man who gathers pumpkins is the man who plows all day, And the man who keeps it humming is the man who makes it pay. The man who advertises with a short and sudden jerk Is the man who blames the editor because it will not work. The man who gets the business takes a long and steady pull And keeps the local paper from year to year quite full. He plans his advertising in a careful, thoughtful way, And keeps forever at it until he makes it pay. He has faith in the future, can withstand sudden shock, For like the man in scripture, he has built his business on a rock.

THE ECHO'S COOKING CLASS

SALAD and warm weather just naturally seem to go together. In early days it was made of herbs and leafy vegetables, today we make salad from almost any appetizing of foods and serve it as a first course, as a main source at luncheon or frequently as a dessert. The materials for it must be the newest and freshest of the season; emphasize contrasts in flavor, texture and color. The salad plates should be chilled, also the lettuce and other garnishes; and any dressing that may accompany the salad should be cold.

Vegetable Salad

½ cup cooked diced carrots
1 cup cooked peas
½ cup cooked butter beans
1 cup diced celery
2 tablespoons minced chives
1 cup cooked salad dressing
6 large tomatoes
1 green pepper
6 anchovy fillets
Curly endive or lettuce.

Combine the carrots, peas, butter beans, celery, chives and salad dressing. Peel and scoop out the chilled tomatoes and sprinkle with salt. Fill with the vegetables mixture and top each with strips of green pepper and a fillet of anchovy. Arrange on individual beds of curly endive or lettuce.

Frozen Cheese Salad

1 cup evaporated milk
½ cup lemon juice
2 packages cream cheese
1 cup chopped dates
½ cup mayonnaise

1 cup crushed pineapple
Scald the evaporated milk over hot water and chill and whip. Add lemon juice to the whipped milk and beat very stiff. Cream the cheese until soft, add the mayonnaise and mix thoroughly. Fold in the whipped milk with the dates and pineapple. Turn into a freezing tray and freeze very quickly. Serve on lettuce or watercress.

Vegetable Bouquet Salad

Place your preferred mixture of vegetables in a lettuce nest. Top it with cooked cauliflower. Circle with cooked carrots slices cut in stars, surrounded with peas. Lastly, have a circle of tomato sections or diced beets. With a sprig of pars-

ley in the center of the cauliflower, you have an old-fashioned bouquet.

Jellied Cheese and Beet Relish Salad.

1 pkg. lemon flavored gelatin
2 packages cream cheese
1 cup cooked chopped beets
1 cup chopped beets
1 cup chopped raw cabbage
1 tablespoon minced onion
Lettuce
Sliced cucumber
Mayonnaise

Prepare the gelatin according to directions on the package. Divide in half. Chill in the refrigerator until it begins to thicken. Into one half beat the cream cheese. Do not beat smooth but just enough to distribute the cheese particles. Grease individual molds or a round mold with butter or salad oil. Fill half full with cheese mixture. Chill in refrigerator until set. Now to the other half of the partially thickened jelly add the beets, cabbage and onion. Pour this mixture into the molds with the cheese mixture which has set. Chill in the refrigerator. When ready to serve, serve on lettuce and garnish with sliced cucumbers and mayonnaise.

Salmon Salad

1 lb. can of salmon
4 chopped, shelled, hard-boiled eggs
1 1-oz. jar caviar
4 tablespoons chopped pickle
relish
1 cup mayonnaise
Lettuce
Stuffed olives

Combine the salmon, eggs, caviar, pickle relish and mayonnaise. Arrange on individual bed of lettuce and top each salad with a slice of stuffed olive.

Cottage Cheese and Peach Salad

1 lb. cottage cheese
Lettuce
6 tablespoons honey
6 halves of fresh peaches
Arrange 1-3 cup of cheese on each of 6 individual beds of lettuce. Pour 1 tablespoon of honey over each. Garnish with the peach halves cut in two.

Chicken Fruit Salad

2 cups diced cooked chicken
½ cup chopped pecans
1 cup french dressing
Lettuce—Watercress
Combine the chicken and the fruits, nuts and French dressing. Serve on 6 individual beds of crisp lettuce and garnish with watercress.

MRS. MAUMUS HONORS HOUSE GUESTS WITH COCKTAIL PARTY.

Mrs. Louis F. Maumus, popular matron of the younger set, entertained at a most enjoyable cocktail party on Friday afternoon of last week, from 4 to 6 o'clock, complimenting her house guests, Mrs. J. W. Sutton, her mother, of Bogalusa, La., and Mrs. H. C. Corman, her sister, a resident of Decatur, Ill., who are visiting here for an indefinite period.

Assisting in serving Mrs. Maumus were Mrs. (Dr.) Alvah P. Smith, Mrs. J. Baldwin Allen, Mrs. (Dr.) Marion J. Wolfe and Mrs. Emmett Betzer. Cut flowers were used extensively for the decoration and the center floral group for the serving table were American Beauty roses.

This charming gesture to the visitors was largely attended and easily proved both an outstanding social affair of the mid-summer season and one that was thoroughly enjoyed. Quite a number of visitors from New Orleans from the ranks of summer residents augmented the large number.
